

A photograph of a tennis player's legs from the knees down, wearing white athletic shoes and white socks. The player is standing on a blue tennis court. On each knee, there is a yellow smiley face sticker. A tennis racket is visible on the left side of the frame, and a tennis ball is on the right. The background is a solid blue color.

# THIS SUMMER PLAY TENNIS *with happy knees!*

## JOIN THE FORCE REDUCTION REVOLUTION

Old cushion court technology is 40 years out of date, the courts lose their cushioning after 2-3 years leaving players aching and missing games.

Hard courts don't have to be hard on the body!

By reducing injury and fatigue you can play on Monday and feel good for another game on Tuesday. You will play more tennis with happy knees.

- Laykold's revolutionary Force Reduction courts provide 15-21% force reduction
- Over 10 years they retain 98% of their force reduction
- All courts feature Laykold's US Open-quality topcoats.

Chosen by: the US Open, Western & Southern Open, Miami Open, Canadian Open, Dallas Open, Winston Salem Open, San Diego Open and Tennis in the Land (Cleveland).
